Line 610 – Description of Functionality in Emergency Situations

Windstream certifies that it is compliant with applicable rules on service provision in emergency situations. Windstream central offices are designed to withstand limited commercial power failures through the use of emergency batteries supplemented by on site or portable generators. Windstream personnel perform routine maintenance on this essential equipment based on the manufacturer's service recommendations and Windstream service practices. The backup batteries are load tested routinely and the on site generators are tested monthly.

Windstream's network is engineered to handle traffic spikes that can occur as the result of emergency situations. The network is monitored 24/7 by our Network Operations Center ensuring quick response whenever and where ever it is needed. Network redundancy is built into our network where ever possible to ensure alternate routing is available when necessary.

Discounts

- A. The following credits will apply for customers deemed eligible for Lifeline assistance:

- B. The monthly discounted residential rate for qualified low-income customers may not be reduced below zero. Therefore, the credit amount defined in A. above shall not exceed the total of the subscriber line charge and the customer's normal residential local exchange service rate.

General

- A. The Company shall offer toll blocking to all qualifying low income customers at no charge at the time such customers subscribe to Lifeline service. If the customer voluntarily elects to receive toll blocking, the service shall become part of the customer's Lifeline service and all service deposits will be waived.
- B. Lifeline program rate reductions do not apply to long distance service or any other services (i.e., Custom Calling, CLASS, construction charges, etc.) which may or may not be tariffed. Customers may obtain such services, where available, at their discretion, although the Lifeline program rate reduction does not apply.
- C. Lifeline program service will not be available on a retro-active basis.

Eligibility Requirements

- A. The Lifeline program rate reduction shall apply to one (1) telephone line per residential household, at the subscriber's principal place of residence. Service is limited to only one Service per qualified customer or household; within this section, 'household' is defined as "any individual or group of individuals who are living together at the same address as one economic unit," with an 'economic unit' defined as, "all adult individuals contributing to and sharing in the income and expenses of a household."
- B. The service must be provided in the eligible customer's name.

- National School Lunch's Free Lunch Program

- D. The customer must sign, under penalty of perjury, a document certifying:

- He/she is receiving benefits from one of the programs listed in C. above.
- Name of the program(s) from which they are receiving benefits.
- That he/she will notify the company if he/she no longer participates in the program(s) named in C. preceding.

The applicant must also supply the name of the program(s) from which they are receiving benefits and provide documentation supporting participation in the program(s). That he/she will notify the company if he/she no longer participates in the program(s) named in C. preceding.

- E. Customers qualifying for Lifeline Service are offered the services or functionalities enumerated in 47 Code of Federal Regulations §54.101 (a) (1)-(8) (relating to Supported Service for Rural, Insular and High Cost Areas).
- F. The Company has certification processes in place which at the time of enrollment requires a documentation review that confirms the consumer's household eligibility. The Company will retain copies of the self-certification records of both the applicant and the Company. A Company officer will attest that these procedures are in place.
- G. The Company will annually verify the continued eligibility pursuant to the FCC Order 12-11 released on February 6, 2012.

Credits and Deposits

- A. The credit verification procedures available for all applicants who apply for service with the Company will also be used for applicants who apply for service under the Lifeline program.
- B. The deposit standards used for all applicants who apply for service with the Company will also be used for applicants who apply for service under the Lifeline Program with the exception that deposit requirements will be waived for Lifeline Service applicants who voluntarily elect to subscribe to toll blocking service.

Service Charges

- A. Service charges do not apply when eligible customers with existing residential service convert to Lifeline Service.
- B. A service order deposit is not applicable to customers who elect toll blocking when initiating Lifeline service.
- C. A service order charge does apply when:

At the time Lifeline Service billing is initiated, eligible residential local exchange access service customers also request additional optional calling features such as Custom Calling Features, CLASS features, etc.

Any subsequent moves or changes after the initial connection to Lifeline service are requested by the customer.

Service is established for new residential applicants (those without existing local exchange access service) eligible for Lifeline Service.

- B. Partial payments that are received from Lifeline customers will first be applied to local service charges and then to any outstanding toll charges.
